He explains everything in a way that makes sense. His friendly demeanor makes the entire tax experience a piece of cake. You can actually rest assured that if he's handling it for you, it will be done right. Super quick turnaround. Very affordable. His staff is very friendly too. And there's always a pen, a mouse pad, a recyclable bag, or even a Frisbee waiting for you in his office! :) A+++++++</p>
Gina Saglimbene	<p>Bronx Tax Man is the place to have all of your tax needs met. We take the short ride from Rockland County to the Bronx and wouldn't have our taxes done any other way. We have been satisfied clients since 1987. John Cerini Sr. has prepared our taxes for the past 25 years. Since Mr. Cerini passed away last year we have received the same exceptional service from his son, John Cerini of Bronx Tax Man. We now look forward to having our taxes done in the same professional manner for the next 25 years.</p>

Enrique Gamez	<p>John and his staff are very professional, amicable and always available. I was so impressed by their attention to detail and honesty in my personal taxes that I switched my business payroll services to them and have never been happier.</p> <p>Bronx Tax Man is a family owned business where they make you feel as if your business is always appreciated and that is hard to find these days. I would recommend them to everyone. On a side note, this business is so much more than a tax preparation and other services, they donate so much time and service to the community in which they operate out of. They are truly a class act. Thanks John and staff.</p>
Jeanelle Mautone	<p>I have been going to John for 5 years now and I have to say I am nothing short of pleased with the service I continue to receive. His staff including himself are all very professional and always willing to answer any questions I may have had. I never feel like I am a pest although I know I can be. I would recommend this office to anyone because he really knows what he is doing. Thank you John for always being such a great help and for all that you do.</p>
Nilsa Chacon	<p>Knowing John for close to 5 yrs, I'm thankful for all he has helped me and our business, thanks to him we have grown so much, he is always willing to help and guide by the right path. I'm glad he is also growing but for the better with great staff from Nua to Steven, they are so reliable, good people to trust and count on doing their best! Everyone there, all the girls are very down to earth and professionals, but the best of all John doesn't stop been humble and a people's person! He will always make time and be there, i highly recommend all the multiple services and assistance they got, their only but the best! <3</p>

Nisera Castellano	I have been going to John for about 7 years now. He knows what he is doing, personable and professional. He makes sure that he can get me the most of my refund each year. The staff is friendly and helpful. And there is convenient parking behind their office for when you can't find a meter spot available close by. My daughter especially loves to visit during tax time. She always seems to leave with a little toy or a deck of cards so it keeps her occupied and feeling special while mommy and daddy get our taxes done. I would never go anywhere else
Frank Molinini	Excellent service! A business that has grown with the community and has become an indispensable resource for many individuals and small business owners in the area. I highly recommend John Cerini and his capable staff to help you with all your tax needs.
Hussein Nouri	I just received a mailing from John at Bronx Tax Man alerting me of a phone scam that targets taxpayers. Although I already knew about the scam, because of a few people I know that were already targeted, I'd like to say thank you for reaching out to let me know. Not only did you alert me of the situation, but you did it at your own expense. For anyone out there that doesn't use Bronx Tax Man for your tax preparation or bookkeeping services, this is one of those situations where Bronx Tax Man goes the extra mile to take care of their clients
